

Modern comforts meet historic elegance

A Maritimes hotel restoration includes Phantom's retractable door screens

"It was important for us to select a screen that retracts out of sight, meets our high standards of quality, and works with the historic design of our resort. I am happy to say that Phantom's screens do all that and more."

*- Guido Kerpel, Vice President,
Canadian Region NCH & R*

- LOCATION:** St. Andrews by the Sea, New Brunswick
- STYLE:** Tudor
- PRODUCT:** Phantom Legacy™ retractable door screens
- MESH TYPE:** Fiberglass 18/14 mesh
- NEED:** The resort needed to source screens for the French doors that open to spacious balconies, and that would work with the period specific architecture.
- SOLUTION:** 93 colour-matched Phantom retractable door screens mounted inside the frame of the French doors.

OVERVIEW

Originally opened in 1889, The Algonquin Resort is a landmark in Canadian hospitality. Overlooking the picturesque Passamaquoddy Bay in St. Andrews by the Sea, New Brunswick, the 233-room, Tudor-style "Castle-by-the-Sea" reopened in March 2014 following a meticulously executed \$30 million renovation.

The guestrooms and suites were carefully renovated to reflect The Algonquin's original style. Guests are now able to leave the doors to the balcony open to let the fresh air into the rooms, without letting in the bugs. Phantom's retractable door screens blend with the design of the rooms and stay out of sight when not in use thereby not blocking the views to the outside.

APPLICATION HIGHLIGHTS

Insect-free natural ventilation

The retractable screens feature Phifer 18/14 insect mesh with 45% openness which allows the guests to open the doors to enjoy the ocean breeze without having to worry about letting in the bugs.

Easy operation with secure closure

Legacy's integrated latching handle is durable and easy to use. It closes the screen securely to prevent accidental opening in breezy conditions.

Complements any doorway

Phantom's door screens blend with all types of patio doors without detracting from the building's design.

PRODUCT FAST FACTS

- Custom made, professionally installed
- Integrated latching handle
- Available in 10 signature colors
- Custom color options (including wood grain finishes)
- Mesh options for insect protection and sun control
- Fits all door types
